ENHANCE YOUR SKILLS

Network with over 1000 of your colleagues at the Annual Conference, our signature event. With more than 75 programs, the Conference features a variety of engaging speakers from around the state and around the country. The Conference is also a great opportunity to see new products brought to you by over 100 vendors.

Sections, Roundtables, and Committees sponsor excellent continuing education programs throughout the year. A few of our popular events include: Performers' Showcase, Library Buildings: Symposium and Expo, and the annual Personnel Administration workshop.

STAY INFORMED

Our quarterly *New Jersey Libraries NEWSletter* includes articles from experienced New Jersey librarians, news from Sections, Roundtables, and Committees, and highlights from across the state.

The NJLA listserv is another great way for members to receive current information, updates on legislation and issues, and event announcements.

And of course, our website, www.njla.org is the place to find details about upcoming events and information from the Association's Sections, Roundtables, and Committees. You'll also find NJLA statements on significant library issues and other official documents.

TAKE THE NEXT STEP

You can make your mark on the future of New Jersey libraries while honing your leadership skills and networking with colleagues from all over the state.

You are invited to be an active participant in planning professional development activities, mentoring, identifying trends, defending intellectual freedom, and writing statements and publications. Members contribute to exciting projects and partnerships like One Book New Jersey and the Statewide Summer Reading program.

Volunteer for appointment to any of our 16 Committees. Join any of our 15 special interest Sections or Roundtables — choose as many as you like at no additional cost!

SUPPORT YOUR LIBRARY

NJLA serves as an advocate with government leaders at the State and the Federal level with efforts to strengthen New Jersey libraries. NJLA develops aggressive legislative priorities, organizes a "Day in the Hall" to meet with State legislators, and organizes NJ's participation in ALA's Legislative Day in Washington D.C.
